

SPEECH ACCESSIBILITY PROJECT

Use your voice for good!

Help make voice recognition technology more accessible for people with disabilities by participating in the Speech Accessibility Project!

Now enrolling adults with Down syndrome (age 18+) in the U.S. and Puerto Rico.

Record your speech from the comfort of your home. Mentors from the University of Illinois are ready to help you through the participation process online.

Funded by Amazon, Apple, Google, Meta and Microsoft.

All personal information safeguarded at the University of Illinois Urbana-Champaign. Unfortunately, we cannot enroll residents of Illinois, Texas and Washington.
